

Antenna Base

ZA-019P

General

The ZA-019P Antenna Base is for the WEP-5200 series Telemetry System. The antennas attached to antenna base receive high-frequency signal from a transmitter. The antenna base sends this signal to the telemetry system through the cables.

Safety Information

CAUTION A caution alerts the user to possible injury or problems with the instrument associated with its use or misuse such as instrument malfunction, instrument failure, damage to the instrument, or damage to other property.

Pay attention to all safety information in the Operator's Manual or Installation Guide.

CAUTION

Never carry the telemetry system by the antennas or antenna base. Otherwise, you may drop the telemetry system and get injured.

This Safety and Performance Information is an extract from the general and safety information sections of the most recent edition of Operator's Manual or Installation Guide. Therefore, the contents of your Operator's Manual or Installation Guide may differ from those of this Safety and Performance Information. For detailed operating procedures, follow the instructions of your Operator's Manual or Installation Guide.
